## SUMMARY

Master's student in Management Information Systems at Oklahoma State University with a completed B.S. in MIS. Experienced in managing and troubleshooting diverse IT systems, with hands-on expertise in technical support, system administration, and IT project work. Currently serving as a Graduate Assistant, supporting coursework in IT project management, analytics, and technology applications. Recognized for strong problem-solving, communication, and leadership skills, with proven experience in team management and organizational leadership. Seeking to apply technical knowledge and academic background to drive results in system-focused and technology-oriented positions.

## EXPERIENCE
